

LUMA Babycare stands for design, contemporary and simplicity. These three key values can be clearly seen in the design and colours of our products. Most recognizable is the design of the LUMA baby bath with bath stand, a real eye-catcher that fits in every nursery.

The LUMA collection consists of plastic bath and nursery products, all produced in The Netherlands. Besides these products, LUMA contains a trendy textile collection as well. The collection provides several key products like a complete bath and care seth, changing pads, bathcapes and muslin towels. The different LUMA collections can be perfectly combined with each other. Mix and match with LUMA!

For over 30 years all of our plastic products are made and designed in the Netherlands with the best possible care. We only choose the best materials and resources. All of our textile products are very soft for your little one and provided with the 'Oeko-Tex' label. This label verifies that the product is made of materials which are not harmful for the health of babies and children.

In short, with the products of LUMA Babycare, your baby is in good hands.

CHILD'S PLAY

This nice gender neutral collection is inspired by the line-art trend of this moment. The playful and simple shapes, in soft colors, are cute and very easy to combine. Come and let's play peek-a-boo!

You can mix & match this playful collection with a lot of the LUMA bath & care products, the colours go well together with almost every plastic line.
