What is CPLA?

CPLA is made from natural raw materials. It can be maize, cassava, sugar cane, sugar beet, wheat, agricultural residues and non-food plants. Therefore, CPLA is 100% natural, meaning it contains no oil, no toxicity and no heavy metals. And it can also be used in the microwave and dishwasher. CPLA is in other words the safest choice for your children.

Bubble Machine - Zippy the Shark

The Zippy the shark bubble blower produces different shapes of bubbles, such as small circles, stars and hearts to attract children's attention. It can produce more than 2000 bubbles a minute and can blow tons of colourful bubbles faster, higher and farther. Because of the shark's funny shape with its surfboard, children of all ages feel comfortable while it sprays tons of bubbles from its mouth, flying into the air. You can use it with or without music. It is the perfect gift and can be used both indoors and outdoors. Moreover, the device is very easy to use and you will soon imagine yourself in a fairy tale world.
