Warming Station Shady Grey

With this water station, you will have water at the right temperature in no time. The large stainless steel water tank allows you to easily fill multiple bottles and keeps the water at the desired temperature. There are preset temperatures, such as 37°C for milk, 45°C for soup or 85°C for tea. Not only the temperature, but also the amount of water can be determined. It ranges from 30 ml to 330 ml and increases in 30 ml intervals. If you want to lower the temperature faster, you can use the cooling function of the device. Sterilizing the device is also child's play.

Sold by 4 pieces

- Large water tank (1250 ml)
- Cooling function
- Volume control (30 - 330 ml)
- Preset temperature control (37°C / 45°C / 85°C) or manually
- Sterilisation/boiling function (100°C)
- Modern design

What is CPLA?

CPLA is made from natural raw materials. It can be maize, cassava, sugar cane, sugar beet, wheat, agricultural residues and non-food plants. Therefore, CPLA is 100% natural, meaning it contains no oil, no toxicity and no heavy metals. And it can also be used in the microwave and dishwasher. CPLA is in other words the safest choice for your children.

Eco Responsible CPLA Drinking Cup

Drinking cups made from bioplastic (CPLA) for the well-being of your child and our planet. This drinking cup with soft silicone straw and non-drip system teaches your toddlers to drink independently. It is completely disassemblable for easy cleaning and perfect hygiene. When the cap is pushed down, it covers the straw.

Silicone Toys

Sold by 6 pieces

Our silicone toys stimulate both teething and grasping senses. They reduce the pain and discomfort of teething and also stimulate the lips and tongue due to the different bite surfaces. The teeth are massaged as well as the gums are soothed. Ideal for small hands and forthcoming teeth! Also, they are easy to maintain and dishwasher-safe
